This stylish three bedroom townhouse is set within the popular Golden View I development, an elevated residential community known for its open sea views that stretch all the way to Gibraltar and the coast of Morocco. Thanks to its southwest facing orientation, the property enjoys plenty of natural light and beautiful sunsets throughout the year.

One of the real highlights of the home is the spacious rooftop solarium, designed for relaxed outdoor living. From here you can enjoy wide open sea views while unwinding in the jacuzzi, which comfortably seats up to six people. The solarium also features a fully equipped outdoor kitchen, making it a great space for entertaining friends and family.
